

govino®

Award-winning GOVINO® was originally created as a trade tool to help professional salespeople showcase their wines whenever and wherever proper stemware isn't accessible. GOVINO has since become the first and only shatterproof wine glass of its kind to be accepted and validated by the wine industry!

DISHWASHER SAFE by GOVINO®

The Dishwasher Safe, hospitality line of GOVINO'S 'go anywhere™' shatterproof, recyclable and reusable products are manufactured entirely in the United States. The products utilize a commercial dishwasher safe polymer that brings greater durability to the product line, while upholding GOVINO'S distinctive benefits: crystal-like clarity, thin, flexible BPA/BPS-free polymer, and its patented thumb-notch and contoured base.

WHY GOVINO?

- BPA/BPS-free
- Shatterproof
- Reusable
- Recyclable
- Commercial dishwasher safe up to 250 cycles
- Patented thumb-notch & contoured base
- Thin yet highly durable Tritan® polymer
- Made in the USA

Take your brand up a "notch"...

Customizing GOVINO products with your logo makes for an elegant and long-lasting impression. Whether you're promoting your hotel, resort, restaurant, bar, brewery or winery, govino takes your brand where breakable glass can't go, without sacrificing style or function.
