

The Sambonet logo is displayed in a bold, white, sans-serif font against a background of a bar with various bottles and glassware.

sambonet®

A collection of barware items, including wine buckets, wine coolers, and insulated ice buckets, are shown in a PVD Cognac finish. They are arranged on a bar counter with glasses and bottles in the background.

## Bar Selection PVD

parfait amour & cognac

Sambonet continues its pursuit of shapes and colours that complement lifestyles, living and home decor. The desire to appeal to quality food and wine enthusiasts lies behind the new Bar Selection collection, presented in the exclusive colours of PVD Cognac and Parfait Amour.

- A sophisticated aesthetic effect for a collection aimed at the most refined home bar lovers.
- The collection includes: wine bucket, wine cooler, insulated ice bucket, serving spoon and tongs, three types of shaker – the traditional shaker or cobbler, the French or parisienne version and lastly, the Boston shaker.
- Developed exclusively by Sambonet, the Cognac and Parfait Amour hues are inspired by the shades of their namesake liqueurs, underscoring the refinement of stainless steel and making the most of Sambonet's technological expertise.
- In line with the new aesthetic trends, where colours and brightness break the monotony of daily life.
- A selection of the best sellers of the 'Living' serving items and 'Sphera' tableware collection - well known for its soft, round and organic shapes, and winner of 2011 Red Dot Design and Good Design Awards.
- 18/10 stainless steel. PVD finish is welded at an atomic level to the stainless steel surfaces, hardening the steel and optimizing its resistance to both rubbing and corrosion, as well as preventing rust and oxides from forming.
