Why Flameless Candles?

COST EFFICIENT

Businesses save thousands per year compared to traditional candles.

SAVES TIME

No more time spent looking for lighters and re-lighting candles every shift.

NO FIRE HAZARDS

Flameless candles eliminate the risk of burning and catastrophic fires.

ENVIRONMENTALLY FRIENDLY

Our candles last several years on average. This means significantly less waste compared to fuel cell candles and other consumable candle options.

SS

COST SAVINGS SUMMARY

Not only will flameless candles provide a stunning ambiance to your environment, but they will improve your bottom line, allowing you to make your investment back within six months and pocket the savings thereafter.

"We used to work with another company, but always had problems with their candles. They wouldn't even stay lit for an entire shift. Making the switch to The Amazing Flameless Candle has been excellent. The quality far exceeds our previous product, and they are easy people to do business with."

LUX CANDLES

Following years of product development and customer feedback, we are proud to introduce our most advanced candle ever, the LUX Series. It packs in every in-demand feature customers have requested with the strength, durability, and reliability our candle systems have become known for. Every LUX Series candle is compatible with our multi-functional remote, features a daily timer, ability to brighten or dim the light and a concealed charge indicator light, as well as all the amazing features of our Performance Series candles.

2.15"

1.5"

Newly designed candle flame featuring the most natural flame shaped tip, the most natural light color and the most natural flicker pattern.

Turn the candle on-and-off with the press of a button, or use the remote control to set a daily timer, adjust brightness and more!

The most durable construction offered in the industry allows them to take a beating (which they will) and keep burning. If you leave them on the patio or drop them in a puddle, they will still work.

FEATURES

2-Year Warranty

If anything happens to a candle or charger within two (2) years, we'll replace it.

Waterproof

Electronics are encased to protect from water, accidental or on purpose.

18-Hour Battery

On a full charge, candles will last up to 18 hours without dimming or reducing effect.

Remote Control

Control one or all of your candles with the touch of a button using our multi-functional remote.

Daily Timer

Set a timer, have the candle automatically turn off a few hours later and back on the next day.

Brightness Settings

Brighten or dim the candles to tailor the candles to your desired ambiance.

ONYX STONE HOLDERS

DISTINCTLY DIFFERENT

N A T U R A L S T O N E

The natural textures of these solid Onyx candle holders make them a truly organic addition to your decor. While the coloring varies from piece to piece, natural ambers and light browns characterize these absolutely stunning stone candle lamps. Available in two sizes, each is large enough to make a statement without being too imposing on your table top. Any of our candles are sure to look great, especially the natural and warmer light colors to accent the coloring and style of the Onyx. Stone candle lamps can be used indoors and out, allowing for year round flexibility in all environments.

A glowing candle in a metal holder on a table next to a wine glass. The candle is lit, casting a warm glow. The metal holder is a simple, modern design with two curved lines crossing in the middle. The wine glass is partially filled with a dark liquid. The background is a blurred bokeh of lights, suggesting an indoor setting with decorative lighting.

"We had been trying to find candles that lasted a full 12-hour shift and for longer than 6 months. We were constantly sending candles back with poor customer response. The candles from The Amazing Flameless Candle stay bright for the entire day, and we haven't had any issues."
