# WHY FLETCHERS' MILL

## OUTSTANDING MECHANISMS

Fletcher's Mill pepper mills are fitted with a stainless steel two-step mechanism which first cracks the peppercorns to release their natural oils and flavors, and then grinds the peppercorns to your chosen consistency. Fletcher's Mill salt mills have an adjustable nylon crushing system. And, our pepper and salt mill mechanisms include a lifetime guarantee.

Pepper mills can only be used for pepper and salt mills can only be used for salt.

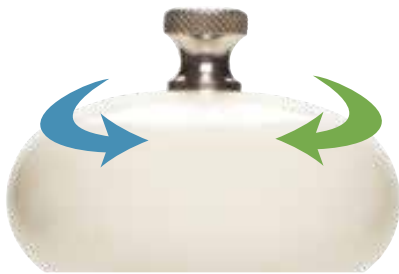

**Pepper**

**Salt**

## LOCKING CROWN NUT

Our salt and pepper mills offer many grind settings. As you turn the top crown nut clockwise the grind gets finer and finer. Counterclockwise for coarser grinds. Fletcher's Mill has the only Locking Crown Nut that locks in your choice of grinds and doesn't change until you change it. This allows for consistent results every time you use your mill.

Counter-clockwise for coarse grinds, clockwise for fine grinds.

Fletcher's Mill locking crown nuts.

## EASY TO CLEAN

Over time pepper and salt residue gets built up in the grinding chamber of all mills. Only Fletcher's Mill wood pepper mills and salt mills feature a pop-out mechanism for easy cleaning. You can watch a step-by-step video on cleaning & filling your pepper or salt mill, featuring Mary Sue Milliken and Susan Feniger, at [FletchersMill.com/clean](http://FletchersMill.com/clean).

No other brand offers this feature. It is the last mill you'll ever need!

# Customers are our #1 Priority

- Conveniently place your orders via email, fax, phone, or on our Fletchers' Mill website wholesale customer portal.
- ACH preferred. We also accept Check, Visa, MasterCard, American Express and Discover.
- Net 30 with approved credit references.

# MARSALA

These Made in USA Fletchers' Mill pepper mills, salt mills and salt shakers are named for the Italian town located on the island of Sicily. The shapes and colors evoke the essence of Sicilian architecture and coastline. From the Piazza Loggia to any of the numerous small Isolas just off the coast, Fletchers' Mill Marsala mills capture the Sicilian flavor in a unique and colorful way!

# BORDER GRILL

Mary Sue Milliken and Susan Feniger, Bravo's "Top Chef Masters" are co-chef/owners of Border Grill restaurants, with locations in Los Angeles: Downtown, Truck, Los Angeles Int. Airport, The Huntington and in Las Vegas at Mandalay Bay. They have long extolled the virtues of freshly ground black pepper. The Border Grill, designed by the restaurants' internationally acclaimed architect, Josh Schweitzer, is 8" tall and available in pepper and salt mills.
