ALWAYS EVOLVING

Being a leader in the industry means being open to change and a commitment to a growth mindset.

While all may have appeared to be quiet in the Rossetosphere, underneath the surface a real transformation has been taking place! In 2019 we moved into beautiful corporate offices in Chicago. Our staff loves their new modern home that includes a warehouse and a showroom! If you are in the area, please schedule some time to stop by!

We have started 2021 out with a real bang, launching the Ven Glass Collection. A line of handmade glass serving and display pieces crafted by renowned glass artist Danny Kalderon. This was matched by a new website and an additional line up of over 50 products.

The 2021 collection was developed with a focus on what was missing from our range of Hospitality products. We heard you! We are extremely excited to add a selection of modern heat lamps, coffee urns, and milk dispensers to our offerings. These additions allow you to complete your carving stations, and coffee and cereal displays without sacrificing the design-forward look that Rosseto is known for. We also added improved induction options for both the Natura™ and Multi-Chef™ Collections. Finish your presentation with Ven Glass serving pieces for a custom buffet display like no other in the industry!

Staying one step ahead of the trend is vital in our business. We hope you continue to view Rosseto as a trusted partner in creating the best experiences for your guests. We will continue working hard to bring you the most innovative, quality serving solutions for everything food and beverage. Here's to your success in 2021!

Cheers!

OUR COMPANY

Rosseto has been helping industry leaders, both large and small, find solutions for their businesses.

It has always been our goal to provide products that are easy to assemble, easy to maintain, and provide modern design elements that will complement any environment or theme. Our dedication to quality and design has allowed us to become a trusted brand to some of the biggest names in food service. Our products have been used at major events like the 2016 Golden Globes and Super Bowl 50 and praised by entities like John Q. Hammons, Marriott, Walgreens, and Wolfgang Puck.

What can I say about Rosseto but "WOW!"

"We use the riser systems for our events and have seen a steady increase in sales & profits. Our operation will consider Rosseto first for any solution in our operations and we will recommend them to anyone who asks."

Aramark

A commitment to providing a complete solution has created very strict controls over our materials. Rosseto is one of the only manufacturers in the industry that continues to use US Steel in all of our products. Founder Gil Gold states:

“We have been asked to use cheaper material, but we refuse. When you see the difference in quality, you simply can’t go in that direction. It’s not worth it to us. I see competitors who have just entered the market who are using this type of material. You can crush their products with your hands. It gives me chills.”

Rosseto designs products with our customers in mind. From the time of purchase to maintenance and storage, we want to be with you every step of the way.

Find product features and highlights throughout the catalog using the following icons:

Stackability

Keep your Rosseto® products looking new longer. Stackable design makes storage easy.

Connectability

Rosseto® products with this icon are designed to work together. Choose from a range of materials and sizes to create endless combinations of display designs. Simply select your risers or bases and add surfaces. Building your own custom buffet has never been so easy.

US Stainless Steel

We are proud that all of our steel is made and manufactured in the US from the highest quality material available. We are so confident in the quality of our products, that we offer a lifetime guarantee on all welding.

Portion Control Technology

All Rosseto® dispensers include patented portion-control technology that allows you to control food cost and save money. Select portion control wheels are available for individual dispensers that range in portion sizes from 1 teaspoon to 1 ounce.

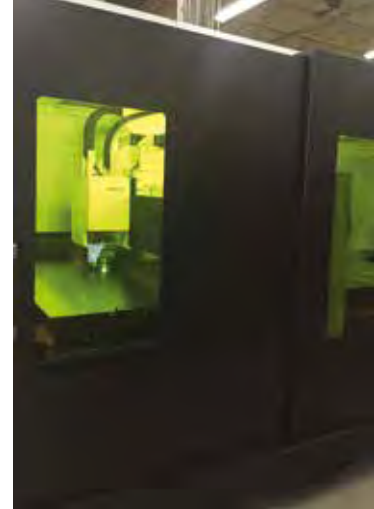

Eco-Friendly

Made from natural, biodegradable or recyclable material.

Easy to Clean

We wanted to provide serving solutions that not only look good in your business, but are easy to maintain. Every product has been designed to make cleaning as simple as possible using minimal parts. This helps you keep your customers safe and health inspections worry-free.

We have added the Rosseto line of buffet equipment to many of our hotels and are *very pleased* with the results. The products are truly an extension of our F&B strategy, are *extremely well made*, and we have had nothing but positive feedback from our hotel guests.

Bamboo

Not all bamboo is created equal. We use the highest quality bamboo available. We designed a custom three layer system that prevents warping and damage. Keep in mind that bamboo is a natural, live material and reacts to changes in temperature and humidity.

Natural Walnut

Luxurious deep brown hues makes walnut the perfect finish for any high end buffet or food display. Relatively heavy, hard and resilient, it can stand up to your toughest guests and is naturally resistant to warping.

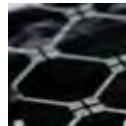

Acrylic

Durable and easy to maintain, this material is perfect for high traffic use or in places where glass would be a safety concern (like poolside or lobbies). Choose from clear, black or white.

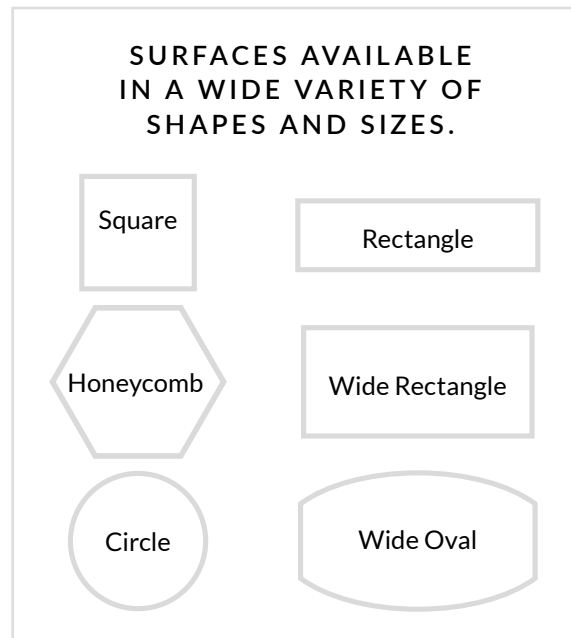

Tempered Glass

All of our glass is toughened or tempered. This means that it is processed by controlled thermal treatments to increase strength and safety. Choose from both clear and black finishes.

Kalderon Hand Made Glass

All made with love by top designer Danny Kalderon, emphasized on exotic color combination

Here are some easy guidelines to help you understand how the different wheels work:

1. The **EZP021** is great for dispensing **larger** items such as, medium grind cookies like **Oreos, cereals & granolas, trail mix, coffee beans** and most kinds of dry foods.

2. The **EZP022** is perfect for **medium** items such as, **chopped nuts, mini chocolate chips, crushed M&Ms and Wonka Nerds...etc.**

3. If you're looking for precision, the **2 teaspoon Scoop-It portion wheel** delivers the most accurate measurement on the market. The patent-pending Scoop-It wheel is ideal for **smaller** items such as, **sprinkles, crushed peanuts and almonds, coffee, sugar and spices.**

PATENTED PORTION CONTROL TECHNOLOGY

Precision

Our patented 6 Wing Silicon Wheel delivers exact portions every time, without crushing your product.

Cost-Effective

Save money by reducing waste.

Food Safe

Silicone is also an approved FDA material, versus plastic, which is not.

Efficient

Serve more people, faster.

A Cleaner Option

Works with an attached funnel that dispenses cereal straight into the bowl, instead of on the counter or onto the floor.

We use the highest quality materials available to craft products that are built to last. All of our products are designed for high traffic use.
